

## 50 mM Thallium (I) Sulfate Solution

Lot 10621a

Method	Specification	Analysis
<b>Description</b>		
Appearance	Clear, Colorless Solution	Conforms
<b>Osmolality</b>		
	<b>Wescor 5500 Vapor Pressure Osmometer</b>	
Osmolality of Solution	115 ± 15 mmol/kg	116
<b>Cell Assay</b>		
	<b>BioTek Cytation 5 Imaging Plate Reader</b>	
Used as part of a Stimulus solution in a Cell Assay <sup>1</sup>	The assay returns a passing result for the selected Dye Indicator used in the corresponding bio-validation method	Passes

<sup>1</sup>Bio-validation Method: Thallos AM Cell Validation
